If interested, email PBC Outreach Coordinator YSwaine@ProBonoCounseling.org to inquire about availability.

Bios:

Harriet Mauer, LCSW

Harriet Mauer, LCSW in New York, is a retired social worker with significant clinical and supervisory experience. She has over 50 years of rich experience supervising clinicians and providing therapy to children, adolescents, young adults, and families through Good Shepherd Services in New York City (NYC), which is a youth development agency serving over 30,000 youth and families in NYC annually. Later, as the Director of Social Services Residential Services, she participated in various advisory groups pertaining to workforce and life-skill development, youth aging-out of foster care challenges, and trauma-related issues. In this role, she was a certified instructor for masters-level social work student interns. She has provided clinical supervision to approximately 1000 clinicians and clinician supervisors throughout her career. Most recently, over the past 12 years since retiring, she continues to do some clinical supervision and mentoring of social work interns, clinical providers and clinical supervisors/administrative staff. Harriet shared, "I am interested in volunteering with PBC [through leading a consultation group] because I value its mission and target populations. Additionally, while I have had many varied tasks and roles over my career, clinical supervision is one of the primary areas that I most enjoy and feel a meaningful level of competence to support and enable competency and empowerment in other social workers."

Bethan McGarry , LCSW-C

Bethan McGarry (she/they) is a Licensed Clinical Social Worker, enthusiastic Baltimore City resident, and committed lifelong learner. Bethan has worked in settings from elementary school to in-patient psychiatry unit, and through in-depth experience in crisis care feels strongly that trauma-informed and person-centered connection is a vital path to healing at both an individual and a structural level. Bethan is committed to providing unconditional regard and a growth mindset in their therapeutic partnership, and enjoys supporting adolescents, adults, couples, and families in navigating life transitions and periods of adjustment. They strive to provide culturally responsive care to a wide range of individuals seeking counseling support. Bethan is committed to anti-racist, anti-oppressive, and LGBTQ-affirming care and brings both a systems-analysis and spiritual lens to therapeutic work. Bethan enjoys YA fiction, crossword puzzles, and coffee shops within walking distance, and has been gratefully involved with PBC since fall 2022 as a volunteer clinician, trauma consult group participant, and now peer group co-facilitator.
